IMPORTANT SUGGESTIONS
Of the Commissioner of the General
Land Office.

Through the courtesy of Messrs. Stayer
& Simmons, land attorneys of this
city, we are enabled to supply our read-
ers with the following important facts
respecting certain contemplated changes
in the land laws:
The commissioner's report recommends
that owing to lack of real necessity for
the pre-emption law it be repealed. The
pre-emption act contains all the provisions
found in the preemption law, it is in his
estimation only a doubling of the system of
land machinery.

Persons who have not yet pre-empted
should take the hint, and use their privi-
leges before the law is repealed.
He also recommends that in view of
the land frauds which are being daily
committed, settlers under the homestead
act be required to live on their lands at
least six months after making entry be-
fore final proof is allowed; regardless of
the time they may have lived on the land
prior to entry. And that they be re-
quired to live there three years before con-
summation to cash entry is permitted.
He also recommends that the Timber
Act be repealed in toto. Frauds are
continually being practiced, he says, by
parties who make these entries for specu-
lative purposes alone, and hold the lands
till they can sell the relinquishments. A
law is asked for to prevent
the fencing of land for herd-
ing and rancho purposes which it is
claimed prevents the proper settlement by
a larger number of persons on the public
domain. He thinks the Desert Land
Law encourages monopoly but does
not refer to its repeal by Congress.
He wants timber lands to be appraised
and then opened to sale to the highest
bidder, at a price not less than the ap-
praisal. But such a law is not to
deprive settlers on the public lands of
the right to take timber for domestic
purposes, or for the support of their im-
provements.
He wants the railroad grants seen to,
and those which have expired either re-
newed or forfeited. But settlers on them
are to be protected in their rights at time
of revival. This looks like business, and
the document bears the marks of proper
thought in many particulars, but we
have some points to discuss in relation to
it which must be deferred for lack of
space.

Prize Christmas Story.

Some time since the editor of the
Contributor offered to all who had
ever written for that magazine a
prize for the best Christmas story
received for publication in the holi-
day number. In response to this
invitation several very nice stories
were received and submitted to the
judgment of a select committee, who
made selection of one entitled
"Angela, a Christmas Story," and
awarded the prize to the writer, Mrs.
Augusta Joyce Crocheron. From ex-
amination of proof sheets of this
story we feel justified in saying that
it will receive general and generous
approval from the readers of that
magazine; it represents real events,
and the characters introduced are,
or have been, in actual existence.
The prize consists of \$25 in cash,
and the editor has supplemented it
with a handsome souvenir in the
shape of a gold scarf pin, represent-
ing a scroll and inscribed: "Contri-
butor Prize Christmas Story, 1883."
A. J. C.

The number containing this story,
and an unusual variety of choice
literature will be ready on Saturday,
December 22d. A large extra edi-
tion will be published and sold in
all the bookstores.
